RE: Club President Membership Growth Challenge 2007-2008

Dear Immediate Past Club President:

Congratulations! Our records show that your club met the club presidents' award criteria by achieving positive net growth for the year ending June 30, 2008. This is a significant accomplishment and you should be extremely proud of the outcome of your efforts.

Membership growth not only benefits the association. It also directly impacts our communities, both locally and globally through increased numbers of volunteers working to make a difference and serve those who need help the most.

Therefore, it is with great pleasure that I forward your crystal pin to you with appreciation for your contribution to membership growth.

Yours truly,

A handwritten signature in black ink, appearing to read "Mahendra Amarasuriya". The signature is written in a cursive style and is positioned above a horizontal line.

Mahendra Amarasuriya
Immediate Past International President
